Selling Point

- (1) Simply apply to the eyelids before sleeping to create the double eyelid. In the following morning, you will see your eyes bigger with double eyelid just like those of the fashion models. Of course, you can use during day time too, which helps to become the natural double eyelid.
- (2) Prepare the eyelid skin, take care the swelling, then decide where to draw the line for double eyelid.
- (3) 1mm of ultra-fine Brush allows drawing in details to create bright double eyelid.
- (4) It's a transparent, powerful and resistant to water and sweat, holds strong.
- (5) The beauty serum such as elastin, collagen, hyaluronic acid, will care your eyelid a whole day.

Instructions

- (1) Clean the eyelid and wipe off sweat and sebum before use.
- (2) Apply evenly in about 2mm of width to where you want to create the double eyelid.
- (3) Using the eye stick, push lightly into the line you want to double and pull up the eyelid.
- (4) Open the eye slowly and make sure to have a double eyelid. (You can apply it while sleeping.)

How to wash off

After soften the adhesive portion with such as a wet hot towel, wipe gently and rinse off. In addition, rub in a circle motion on top of the eyelid with such an cleansing oil for eye makeup, and wipe off gently. Notification: Please do not rub strongly which way cause a skin damage.
